Dear «OWNER_NAME_1»

I am writing on behalf of Riverworks Development Corporation (RDC) and our partners at the Harambee Great Neighborhoods Initiative (HGNI) as part of an annual housing survey. The intention of this survey is to raise the standards of the physical conditions of the neighborhood by improving the housing stock.

Your property at ---- has been noted by volunteers as in need of several essential repairs. We ask that you take a moment to let us know what the plans and timeline are for this property. When neighbors know that there is a plan to repair blighted properties, they feel more confident about investing in their own homes. A well-maintained housing stock is the foundation of a market that protects the value of your investment.

Riverworks Development Corporation is dedicated to serving the needs of residents in Harambee and Riverwest. Part of this mission involves stabilizing the housing market by holding property owners accountable for the condition of their properties. **Please call the Riverworks Development Corporation at 414.906.9650, extension 114, with information about plans to rehab your property , to share any struggles or concerns you may have related to maintaining this property, or if you feel you have been surveyed in error.**

Thank you for your commitment to making our neighborhood an attractive and vibrant place to live.

Sincerely,

A handwritten signature in cursive script, appearing to read "Amy Rohan".
