Disrupting Your Campus Information Security Program
Does digital transformation and disruptive innovation have your information security program in reactive mode? Whether you’re moving to the cloud, participating in shared technology services, or transforming your institutional footprint, chances are you’re going in every direction at once. You are not alone—we feel it too!

Sessions Evaluations
There are two ways to access the session and presenter evaluations:

1. In the online agenda, click on the “Evaluate Session” link.

2. From the mobile app, click on the session you want from the schedule > then click the associated resources > and the evaluation will pop up in the list.
Thank you!
